Data Collection

*Required

Search for Rowan Atkinson

How long did it take for user to perform this task? *

- ☒ Less than 5 secs
- ☐ More than 5 secs

Did the user require assistance for this phase? * *

- ☐ Yes
- ☒ No

How many attempts it took the user to choose an avatar? *

- ☒ One
- ☐ Two

Did the user require assistance for this phase? *

- ☐ Yes
- ☒ No

How many attempts it took the user to choose an avatar? *

- ☒ One
- ☐ Two
- ☐ More than two

Other relevant observations on user's overall attitude

Rowan is on top of the list, so the user did not search for him, instead they just selected him.

☐ Yes

☒ No

How many attempts it took the user? *

☐ One

☒ Two

☐ More than two

Other relevant observations on user's overall attitude

The respond time of this prototype is a bit long. The user was expecting the button to switch to on right after they clicked on it, but it took a little longer than expected, then the user clicked it again, and the button switched to off again. The user had to click it for the third time to activate it.

Data Collection

*Required

Choose Alan Rickman as the current avatar

How long did it take for user to perform this task? *

- ☒ Less than 5 secs
- ☐ More than 5 secs

Did the user require assistance for this phase? * *

- ☐ Yes
- ☒ No

How many attempts it took the user? *

- ☐ One
- ☒ Two

☐ Yes

☒ No

How many attempts it took the user? *

☐ One

☒ Two

☐ More than two

Other relevant observations on user's overall attitude

The user was unfamiliar with the actor himself, they was only familiar with the role Snape. The "happy" image of the actor did not look like Snape, so the user thought there was a bug, and switched between Rowan and Alan a few times, trying to reload the page.

Data Collection

*Required

Add a happy picture for the new avatar

How long did it take for user to perform this task? *

- ☐ Less than 5 secs
- ☒ More than 5 secs

Did the user require assistance for this phase? * *

- ☐ Yes
- ☒ No

After successfully performing the task, was the user well-aware of having done the task?

- ☒ Yes

☐ Yes

☒ No

After successfully performing the task, was the user well-aware of having done the task?

☒ Yes

☐ No

Clear selection

Other relevant observations on user's overall attitude

At first, the user was expecting to upload a picture from their device to finish this task. They asked whether this was required, and they were told that no, because this is only a prototype.
